The purpose of this policy is to define the responsibilities and systems for managing student enrolment fees and refunds associated with the delivery of Vital Training Solutions nationally accredited courses. This information can be found in the Student Handbook and on the RTO website, every prospective student is directed towards this information upon enquiry, prior to enrolment.

THIS POLICY APPLIES TO

Vital Training Solutions staff and prospective students and current students.

POLICY

All courses are GST exempt under section 38-85 GSTR 2003/1 Goods and Services Tax, tax ruling. The ruling explains the supply of a course for 'professional or trade course' is a GST-free education course. ([ATO Reference](#))

Where a student is enrolled in a course which is offering units of competency or a whole qualification, the course fees attached to this enrolment will be exempt from the payment of GST. GST does apply on the payment of some miscellaneous charges where these charges are in addition to and outside the normal services offered in a course.

Payments can be made by direct deposit, cheque, money order or cash.

Vital Training Solutions students primarily sought and are granted funding from external agencies to provide courses at a reduced rate. These funded courses will be advertised in the promotional material for the course.

Vital Training Services Pty Ltd reserves the right to adjust fees without notice.

This policy and student fees will be reviewed on an annual basis.

RESPONSIBILITY

Vital Training Solutions staff have a responsibility to comply with these systems when dealing with nationally accredited training fees. The Chief Executive Officer has the responsibility to ensure team members adhere to the Vital Training Solutions promotion procedure, as well as the RTO procedure.

Studying at Vital Training Solutions

Please note: All students whether via Distance/correspondence or Blended delivery option, will need to complete their education as per their course Training Plan expiry date. If this deadline is not met and we do not receive the students allocated progress payments as negotiated on the enrolment forms, the enrolment may be cancelled or additional fees may be required.

A non-refundable enrolment/administration fee is to be paid on enrolment and then progressive payments, as per agreement, thereafter until the total fee has been paid. Instalment fees must be paid in full within (14) days of

receiving invoices from Vital Training Solutions. We may cancel an enrolment or discontinue training if fees are not paid as required. Payment methods include; direct deposit, cheque, money order or cash. For students who select to set-up a regular payment plan, it is the student's responsibility to ensure that payments are made in a timely manner and the money is available in their account at the time the payment falls due. If payments are missed by the student,

Vital Training Solutions has the right to suspend their training or terminate their enrolment for the course in question.

If you complete your course prior to finalising full payment you will be required to pay the balance in full, your certificate will not be issued until this outstanding balance is received.

PROCEDURE

Fees

Vital Training Solutions will issue an invoice at each interval when payment is due as per the following payment terms:

- For short courses from half day to two days - Students will be invoiced the full fee prior to their enrolment being confirmed.
- For nationally accredited courses - students will be invoiced for payment of an enrolment fee, they will then be invoiced \$1500 prior to their enrolment being confirmed. The remaining payment/payment instalments will be invoiced once the training has commenced. Please visit below re Clause 7.3 – Protecting pre-paid fees (fees collected in advance) by students; <https://www.asqa.gov.au/standards/chapter-2/clause-7.3>
- Payment plans are available to suit individual needs. Please contact the training team to discuss.
- Students seeking Recognition of Prior Learning (RPL) for a large percentage of a qualification will initially be invoiced for the total fee of the course they are applying for. The remaining payment/payment instalments will be invoiced once the RPL process has been finalised and outcome determined. The remaining amount is due on submission of the RPL Kit.
\$240.00 is charged for a single unit RPL application and must be paid before their RPL application is assessed.
- Assessments requiring re-assessment, as specified by the assessor, can be accepted up to 3 times free of charge. A fee of \$350 will be charged to students who require more attempts resulting in further training.
- A fee of \$25.00 will be charged if re-marking of an assessment is requested, the student will notify the CEO within four weeks of receiving the 'Not Yet Competent' result. Should the student achieve a corrected 'Competent' outcome on re-marking, the \$25.00 re-marking charge will be refunded.
- Charges for additional services, for example, requests for additional or duplicate copies of Testamur, Record of Results, Certificates or Statement of Attainment will be charged at \$55 per copy. Payment must be received before copies are issued.

Refunds and statutory cooling off period

The following refund policy will apply:

- Students, who give notice to cancel their enrolment 10 business days or more prior to the approval of their training contract, will be entitled to a full refund of fees paid. This policy complies with the Australian Consumer Law required statutory cooling off period for the sale of goods and services. It is a requirement

under the Standards for Registered Training Organisations that an RTO must allow the minimum statutory cooling off period applicable for the jurisdiction in which they operate. Australian Consumer Law introduced in 2010 has made this consumer protection consistent in all States and Territories.

- Students who cancel their enrolment after a training program has commenced and have engaged in training and assessment will not be entitled to a refund of their fees. An exception to this policy is where Vital Training Solutions fails to fulfil its service agreement and fees are refunded under our guarantee to clients.

Discretion may be exercised by the Chief Executive Officer in all situations, if the student can demonstrate that extenuating or significant personal circumstance led to their withdrawal. The Chief Executive Officer may authorise a refund of tuition fees if the circumstances require it.

- lower for a student doing their first post-school qualification
- set for the student and the qualification, and will be the same regardless of the Provider chosen.

The student fee charged may vary depending on your circumstances.

The price of a qualification, which is made up of the government subsidy and student fee, covers the total costs incurred by the Provider to deliver the training, including training materials, learning resources and assessment. A Provider must not charge the student any additional fees for the subsidised training, except where specified by the State Training Services. A detailed description of these can be found in Section 4 of the [Smart and Skilled Fee Administration Policy](#)

When you enquire with us about Smart and Skilled, we will advise you of your eligibility for an exemption or concession toward the student fee and tell you exactly what you will need to pay or whether you may qualify for a Fee Free Scholarship.

If an eligible student is granted credit transfer (CT) or recognition of prior learning (RPL) for one or more units of competency (UoC), the qualification price will be adjusted and a new student fee determined.

If a student, of their own accord, transfers to another Provider, Vital Training Services, will issue the student with a Statement of Attainment for Credit Transfer purposes. No student fees will be transferred to another education institution.
