Vital Training Solutions conducts training courses at various venues to suit Student needs, course type, and learning styles. The following Student etiquette guidelines will help foster a healthy learning environment for all students.

i. Assessment

All assessments must be submitted by the due date. If you are having difficulty completing an assessment, you should discuss it with your trainer/assessor well in advance of the due date. This way the trainer/assessor may be able to offer support or grant additional time. Please note there may be conditions or penalties to gaining an extension.

• Assessment malpractice

Assessment malpractice includes: cheating, collusion and plagiarism.

Vital Training Solutions regards the integrity of assessment as critical to its professional responsibilities as an RTO and therefore strives to ensure the assessment processes are not compromised. Vital Training Solutions has policies and procedures in place for dealing with assessment malpractice.

• Cheating -

All assessments must be 100% your own work. Cheating or the use of another person's work and submitting as your own is cheating and will not be tolerated.

• Collusion -

Collusion is the presentation of work, which is the result in whole or in part of unauthorised collaboration with another person or persons. It is your responsibility to ensure that other students do not have opportunity to copy your work.

• Plagiarism -

Copying from a published work (including the internet), without referencing, will not be tolerated. This includes presentation of work which has been copied in whole or in part from another person's work or from any other source such as the Internet, published books, and periodicals. This includes systematic re-wording or changing key nouns and verbs.

You must follow referencing guidelines if you take another person's idea and put it into your own words.

ii. Attendance

Attendance in training is recorded each day of participation. These records are required for both learning and health and safety reasons.

Student attendance in class is paramount to successful completion of learning and assessment outcomes. Students are expected to be in attendance for all training sessions.

It is expected that students arrive to class on time and remain for the full duration. Should it be necessary for you to leave a class early – you must advise the trainer/assessor before the class commences.

All classroom sessions are designed to provide students the essential knowledge and skills required for relevant units of competency. It is expected however that students will undertake additional reading and research.

If you are absent from class, it is your responsibility to catch up on any work missed.

If you are going to be absent from a scheduled class or activity, please advise your trainer/assessor or Vital Training Solutions administration personnel. Other arrangements can be made, including self-paced learning or alternative training dates.

SECTION 3 COURSE INFORMATION

I. ACCREDITED TRAINING PROGRAMS

Accredited programs are competency based which means that training and assessment focus on the development and recognition of a person's ability to apply relevant knowledge and skills to perform workplace tasks to a specified standard.

The specific skills and knowledge required for a particular workplace activity are set out in Units of Competency which can be grouped together to formulate the completion of a nationally recognised qualification. Nationally recognised qualifications are outlined in Training Packages. These can be viewed at www.training.gov.au.

Each qualification has a list of Foundation Skills which describe the non-technical skills and competencies that are important for effective and successful participation in the workforce. For each qualification there are specific Foundation Skills listed under the following headings:

- reading skills
- writing skills
- oral communication
- numeracy skills
- learning skills
- problem-solving skills
- initiative and enterprise skills
- teamwork skills
- planning and organising skills
- self-management skills
- technology skills

These Foundation Skills will be part of the assessment requirements of a nationally accredited course.

• Competency

It is important to note that the rules and requirements of a Unit of Competency and a qualification are applied to all students regardless of where they are, or the mode of training delivery provided. You could be a full time Student in a classroom or the workplace, or you could be applying for recognition of the skills and knowledge currently held.

Each Unit of Competency is made up of the following:

- Elements;
- Performance criteria;
- Knowledge Evidence;
- Performance Evidence;
- Assessment Conditions;
- Any pre or co requisites (if applicable).

To be deemed Competent in any Unit of Competency you must be able to provide evidence of the skills and knowledge to complete work tasks to the standard that is required in the workplace. Skills need to be demonstrated in a range of situations and environments (which could include simulated applications in a learning environment) over a period of time.

• Evidence

Evidence is the material proof that you have performed the specified competency or task to the required standard. Your evidence requirements will be determined by the Unit of Competency, foundation skill requirements, industry expectations, Government regulations, and your qualifications and current experience. Evidence can take many forms and you will be required to present more than just one piece of evidence.

Assessment tools that we will provide to you set out the exact requirements for evidence for each unit/module.

Examples of evidence could include one or more of the following:

- Specific assessments tasks set by your Assessor
- Observation reports
- Certificates and awards
- Examples of work completed or special projects
- Current licenses
- Position descriptions and performance reviews
- Third party reports
- Question responses
- Tests

Your evidence must also demonstrate the following:

- That you can do the job or task to the required standard
- Understand why the job should be done in a particular way
- Handle unexpected issues or problems
- Work with others 'in a team'
- Do more than one thing at a time, e.g. perform the task and be aware of the occupational health and safety requirements
- Know the workplace rules and procedures

ii. Assessment

Assessment is an integral part of your learning if you wish to complete successfully and gain certification. The assessment process will be explained at orientation and throughout your program. Assessors will also be available to you if you have any questions.

Assessment is the process of collecting evidence and making judgement on whether competency has been achieved to confirm that an individual can perform to the standards expected in the workplace and as expressed in relevant competency standards.

Throughout the training program you will be assessed to see if you have gained the necessary skills and knowledge to achieve the qualification. Your trainer/assessor is required to ensure that the assessment tasks you undertake meet the national principles of assessment and rules of evidence (see below for more information).

Various assessments tasks /activities may be involved including, but not limited to:

- Observation of performance;
- Assignments;
- Written activities;
- written / oral questioning;
- oral presentations;
- workplace performance
- projects
- case studies;
- role plays/ simulations;
- demonstration of skills;
- online assessments;
- portfolio of evidence.

Certification will only be given to students who successfully complete all assessment requirements for a course.

Vital Training Solutions is required to meet stringent quality requirements in the conduct of all assessments.

The Vital Training Solutions has carefully constructed and developed assessment resources to meet these quality requirements, as well as be user friendly to students.

• Principles of Assessment

Assessments will be conducted in accordance with the following principles of assessment.

Valid	<p>Any assessment decision of the RTO is justified, based on the evidence of performance of the individual learner.</p> <p>Validity requires:</p> <ul style="list-style-type: none"> • Assessment against the unit/s of competency and the associated assessment requirement covers the broad range of skills and knowledge that are essential to competent performance; • Assessment of knowledge and skills is integrated with their practical application; • Assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and • Judgement of competence is based on evidence of learner performance that is aligned to the unit/s of competency and associated assessments requirements.
Reliable	Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.
Flexible	<p>Assessment is flexible to the individual learner by:</p> <ul style="list-style-type: none"> • Reflecting the learner's needs; • Assessing competencies held by the Learner no matter how or where they have been acquired; and • Drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.
Fair	<p>The individual learner's needs are considered in the assessment process.</p> <p>Where appropriate reasonable adjustments are applied by the RTO to take into account the individual learner's needs.</p> <p>The RTO informs the learner about the assessment process, and provides the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary</p>

• Rules of Evidence and Assessment

Vital Training Solutions is required to ensure that all evidence provided by students, as proof of their competency, meets the following "rules of evidence".

Valid	The assessor is assured that the learner has the skills, knowledge and attributes as described in the module or unit of competency and associated assessment requirements.
Sufficient	The assessor is assured that the quality, quantity and relevance of the assessment evidence enables a judgement to be made of a learner's competency.
Authentic	The assessor is assured that the evidence presented for assessment is the learner's own work.
Current	The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very recent past.

• Course Assessment

There will be assessment tasks set for each course regardless of the learning mode. Assessment activities and expectations will be explained to students and are outlined within learner / assessment resources.

Many courses require assessment to be completed after the course, as workplace performance is essential in competency-based learning.

• Presentation of Assessments/ Assignments

- All assessments should be typed.
- Handwritten assessments are accepted; however, handwriting must be clear and easy to read.
- If you are mailing an assignment, it must be received by the due date. Vital Training Solutions does not accept responsibility for any lost assignments. **Please ensure you keep a copy of your assignment prior to submission.**
- All assignments are registered as they are received.
- We endeavour to assess all assessments within 10 working days of receipt.
- Students are entitled resubmit Not Yet Competent (NYC) assessments three (3) times. If the re-submissions are still deemed NYC, students may be offered the opportunity to re-submit at a fee. No further re-submits are allowed. Students must re-enrol in the course again, paying the full course fee of the day.

• Assessment results

Students have access to their own learning account which will indicate assessments undertaken and the units of competency that the individual has attained.

Results of assessment are provided to students as soon as is practical. These results are available through your Student login account. Assessment results are confidential at all times and will not be given to any other party unless a written request signed by the Student is received in advance.

• Extensions for Assessment

It is expected that all assessment tasks are handed in on the due date. Should you require additional time to complete an assessment you must communicate with your assessor and apply for an extension.

iii. Certificates

• Types of Certification

In general, four types of certificates are issued by Vital Training Solutions. Certificates can only be awarded by Vital Training Solutions in accordance with our approved qualification scope.

- **Qualification** – issued under the Australian Qualification Framework (AQF) for nationally recognised training. Full qualifications can only be issued once the Student has been deemed competent across all the relevant units of competency making up the qualification.
- **Record of Results** – accompanies a qualification issued under the Australian Qualification Framework (AQF) for nationally recognised training. This document supplements the qualification listing all units of competency achieved for the qualification.
- **Statement of Attainment (SOA)** – issued under the Australian Qualification Framework (AQF) for nationally recognised training. Issued when a Student is deemed competent in a unit or a cluster of units of competency. Minimum achievement for a SOA is one unit of competency. You can request a SOA at any time during your training.

- **Certificate of Attendance** – for non-nationally recognised training. Issued when a Student attends a short course which is not within the Australian qualifications framework (AQF). To receive a Certificate of Attendance, the Student must have a satisfactory attendance rate.

Certificates will only be emailed to students at their nominated email address as shown in their Student login account. The onus is on the Student to ensure their address details are correct.

Printed certificates are available at a small cost. This covers printing and mailing costs involved. Students need to request a hard copy using the appropriate form available on the Vital Training Solutions website.

www.vitaltraining.com.au

Certificates will not be sent to other parties, without the expressed prior written permission from the Student. Duplicate or replacement copies of certificates incur a fee.

iv. Course Delivery

Vital Training Solutions ensures the following resources are in place:

- Trainer/assessors and Assessors with appropriate qualifications, and experience;
- Course materials appropriate to the methods of delivery and assessment requirements;
- All necessary copyright authorisations;
- Appropriate equipment and facilities.

Training and assessment methods used by Vital Training Solutions meet specific quality requirements and are chosen to best suit the unit of competency, while giving consideration to the learning style of the Student. The provision of training often includes a blended approach with a combination of on and off-the-job methods.

A number of delivery methods will be used throughout the training to help you achieve the necessary skills. Learning is a partnership that involves participation from all involved.

Delivery methods may include, but are not limited to:

- Practical demonstrations
- audio/visual presentations
- group participation/ discussions
- trainer/facilitator instruction
- practical activities
- self-paced activities
- individual projects
- workplace based training
- case studies

v. Flexible Delivery

Flexible delivery focuses on learning rather than teaching and to provide the best possible learning experience for the Student. This means that the Student has greater control over what, when and how they learn.

Vital Training Solutions offers various forms of delivery to accommodate the varying needs of students. Modes of delivery available for most courses include classroom (face-to-face) environment, workplace –based, correspondence, on-line, Recognition of Prior Learning (RPL) or a combination of these.

vi. Language, Literacy and Numeracy

Each Training Package sets a minimum requirement in language, literacy and numeracy skills of participants, with which Vital Training Solutions must abide.

Vital Training Solutions makes appropriate concessions for language, literacy and numeracy issues of students where these concessions do not compromise the requirements of the relevant Training Package and the integrity, equity and fairness of assessment.

Where there are entry requirements for courses e.g. literacy in English and numeracy, these are clearly stated in pre-enrolment and enrolment information.

Advice is given to all students on appropriate actions if there is a need to update literacy and numeracy skills. Vital Training Solutions can assist in providing this additional development prior to completing your enrolment into vocational skills.

vii. Recognition

Recognition is the collective term and includes:

- Recognition of prior learning (RPL);
- Recognition of current competency (RCC);
- Credit transfer (CT); and
- Mutual Recognition (MR).

All students have the opportunity to apply for recognition. This means that you can submit evidence for a Unit(s) of Competency, and have it assessed by a qualified Assessor without completing the training.

Vital Training Solutions believes that no learner should be required to undertake a unit of competency for which they are already able to demonstrate satisfactory achievement of the performance outcomes, as stated in the endorsed training package or nationally recognised course.

Vital Training Solutions always aims to maximise the recognition of a learner's prior skills and knowledge whilst maintaining the integrity and standards of the defined learning outcomes of the specific qualification or course of study. Students who consider they already possess the competencies identified in all or part of any course/qualification offered by Vital Training Solutions may seek recognition.

If you think you have the necessary knowledge and skills to match a Unit(s) of Competency or a qualification at the required standard you need to contact our <Position 3> on <Phone Number> who will provide the information you need to complete an application.

● Recognition Process

Recognition is a method of assessing if you have evidence of competency for a unit of competency that you are enrolled in. It is important to remember that Recognition is an **assessment process** not an assumption of competence. Recognition is the determination, on an individual basis, of the competencies obtained by a Student through:

- previous formal training
- work experience, and/or
- life experience.

Recognition therefore determines the subsequent advanced standing to which the Student is entitled in relation to a course/qualification. The focus of Recognition is what has been learned rather than how, where or when it was learned. Recognition focuses on both the demonstration of competence and the currency of that competence to industry standards.

It is important to note; the onus is on the Student to document and present evidence to justify a claim for recognition and present their case to the satisfaction of the Assessor.

Any documents that you provide to support your claim of competency must be the originals rather than copies. Your original documents will be photocopied and handed back to you. It is also expected that any evidence submitted is your own and if any part of the work is the work of others, that this is formally acknowledged and advised.

• Recognition Decision

Regardless of the type of evidence that you submit, Assessors must be confident that the evidence meets the following criteria:

- Full requirements of the Unit of Competency(s);
- Any Regulatory requirements;
- Authenticity - That it is your own evidence and can be authenticated;
- That you can perform the competency consistently and reliably;
- Is at the standard expected in industry and set out in the Australian Qualification Framework (AQF);
- Sufficiency - There is enough evidence to make a judgment.

Vital Training Solutions is committed to ensuring that all judgments made by Assessors against the same competency standards are consistent. Your Assessor will examine the evidence that you present and then make a judgment on that evidence which will be either:

- Competent (C) - you have been deemed competent against all the requirements of the Unit/s of Competency
- Not Yet Competent (NYC) - you have not yet demonstrated competency to all requirements.

Your assessor will advise you what you can do if you receive a NYC for your assessment task. If you are deemed NYC in your initial assessment, you are allowed a second attempt. However, if you are deemed NYC in the second attempt, you will be required to re-enrol. Please talk to your assessor if you have any concerns.

For further information on Recognition, please see Vital Training Solutions Recognition of Prior Learning Policy and in the Assessment policy.

• Mutual Recognition

Vital Training Solutions recognises the AQF qualifications and Statements of Attainment issued by other Registered Training Organisations (RTOs). This is commonly referred to as Mutual Recognition or Credit Transfer. Mutual recognition is applicable when a Statement of Attainment or qualification provided by a Student has the same national competency codes as those that form part of the training and assessment program within which the Student is enrolled or is intending to enrol. Students are required to formally apply for Mutual Recognition. With Mutual Recognition students are not required to undertake learning in the unit/s again, the Student is exempt.

viii. Special Needs

Students intending to enrol for training with Vital Training Solutions are requested to advise us if they have any physical or other impairment (e.g. English language, literacy or numeracy difficulties, dyslexia, etc) which may adversely affect their ability to successfully undertake training and assessment, prior to enrolment.

Students with disabilities or impairments are encouraged to discuss with the CEO any 'special needs' and/or 'reasonable adjustments' to the study environment which they consider are necessary or would assist them in the performance of their studies.

The CEO, in collaboration with the Student, will assess the potential for the Student to successfully complete the training which may include flexible delivery options to optimise the ease and benefit of the Student's learning.

ix. Trainer and Assessors

All Trainers and Assessors are qualified in training and assessment and the vocational area which they are delivering. They have practical experience and maintain their currency in industry.

- Students, who give notice to cancel their enrolment 10 business days or more prior to the approval of their training contract, will be entitled to a full refund of fees paid. This policy complies with the Australian Consumer Law required statutory cooling off period for the sale of goods and services. It is a requirement under the Standards for Registered Training Organisations that an RTO must allow the minimum statutory cooling off period applicable for the jurisdiction in which they operate. Australian Consumer Law introduced in 2010 has made this consumer protection consistent in all States and Territories.
- Students who cancel their enrolment after a training program has commenced and have engaged in training and assessment will not be entitled to a refund of their fees. An exception to this policy is where Vital Training Solutions fails to fulfil its service agreement and fees are refunded under our guarantee to clients.

Discretion may be exercised by the Chief Executive Officer in all situations, if the student can demonstrate that extenuating or significant personal circumstance led to their withdrawal. The Chief Executive Officer may authorise a refund of tuition fees if the circumstances require it.

To obtain a refund you are required to give written notice to cancel your enrolment and complete an 'Application to Withdrawal Form'. Where refunds are approved a 'Fee Refund Form' will be provided to the student, once submitted, the refund payment will be paid via electronic funds transfer using the authorised bank account nominated by you. - Where student withdraws within 20 working days of course commencement the student (or whoever paid the course fees on behalf of the student) will receive a 25% refund, of fees already paid, less \$240.00 admin fee. *For example: Karl enrolls and pays \$240.00 as his first instalment for course fees. Karl then decides to withdraw from the course after 6 working days of the course commencing. Karl's refund would be calculated as: \$240 paid minus \$240 (admin fee) = \$0 refund.*
